## Out-of-Production Notification

Date: June 11, 2009

To our valued customers:

Thanks for your company's support to Chi Mei's products for a long time.

We, Chi Mei Corporation, hereby formally notify to discontinue the production of Q-resin as of September 1, 2009 (no more available when our stock is exhausted). Our production line for Q-resin is getting uncompetitive with age, which has been bringing about unsatisfactory yield rate with unaffordable output cost.

In the future, if we achieve any breakthrough in technology with better performance, we may reconsider to build the Q-resin line and put this product back to the market again.

\*Kibiton Q-resin: PB-5903, PB-5910, PB-5925, PB-5900

Sorry for any inconvenience it may cause to you.

Sincerely yours,

Chi Mei Corporation
